Jim

Eric and I have a RA/senior management briefing at 3:30 pm today and will need a little time before to get set up, so the best options for us would be 2:30pm (Kristine is available then), after our briefing at 4pm or trying to squeeze it in Weds/Thurs

Chip, Matt, and Jim:

I think it would be good for the four of us to get together and discuss the goals and objectives of these documents before the DEQ and EPA staff spend a lot of time reviewing and commenting. In particular, I'd like to make sure we are all on the same page regarding how these tables will be used the draft FS. Once we resolve what we are trying to accomplish, it should make it easier for DEQ, EPA and LWG to discuss and negotiate whatever changes we deem prudent.

Based on our agreed G&Os, we may find that certain types of info on the draft tables is not necessary, or that additional info needs to be added.

that only leaves Tuesday afternoon, Sept. 7. I am available any time after 2:30. I don't think we'll need more than an hour. Please let me know if Tuesday after 2:30 works for the three of you. If so, we can

discuss a venue (DEQ NW Region Office, EPA OOO, or Pearl Legal Group).

Chip, you may want to have Kristine attend via conference call.

Thanks,
